

## Product Data Sheet

## Leucokinin VII

| Catalog #                 | Source    | Reactivity                                                      | Applications |
|---------------------------|-----------|-----------------------------------------------------------------|--------------|
| CCP2566                   | Synthetic |                                                                 |              |
| <b>Description</b>        |           | Peptide to Leucokinin VII                                       |              |
| <b>Form</b>               |           | Lyophilized powder                                              |              |
| <b>CAS Number</b>         |           |                                                                 |              |
| <b>Molecular Formula</b>  |           | C40H52N10O12                                                    |              |
| <b>Molecular Weight</b>   |           | 864.90                                                          |              |
| <b>Purity</b>             |           | > 95%                                                           |              |
| <b>Chemical Structure</b> |           | Asp - Pro - Ala - Phe - Ser - Ser - Trp - Gly - NH <sub>2</sub> |              |
| <b>Storage/Stability</b>  |           | Shipped at 4°C. Store at -20°C for one year.                    |              |
| <b>Structure</b>          |           |                                                                 |              |

**Application key:** E- ELISA, WB- Western blot, IH- Immunohistochemistry, IF- Immunofluorescence, FC- Flow cytometry, IC- Immunocytochemistry, IP- Immunoprecipitation, ChIP- Chromatin Immunoprecipitation, EMSA- Electrophoretic Mobility Shift Assay, SE- Sandwich ELISA, CBE- Cell-based ELISA, RNAi- RNA interference

**Species reactivity key:** H- Human, M- Mouse, R- Rat, B- Bovine, C- Chicken, D- Dog, Mk- Monkey, P- Pig, Rb- Rabbit, S- Sheep, Z- Zebrafish
